SUNDAY, FEBRUARY 2, 2020

THE THEATER,

INDIA HABITAT CENTRE, GATE #3

NEW DELHI

INVITATION

THE GLOBAL EYE CONCLAVE ON PRIME MINISTER NARENDRA MODI'S VISION OF DEVELOPMENT FOR ALL

The Global Eye Conclave on Prime Minister Narendra Modi's Vision of Development for All is being held on Sunday February 2, 2020 from 10 am to 6 pm at The India Habitat Centre, New Delhi. Prime Minister Narendra Modi has stated that Our Vision and Commitment is towards the Country's progress, its place in the world and the happiness of its people.

Prime Minister Modi said, ***"I have always believed that there are two essential reasons that our great civilisation has prospered – India's celebration of harmony, diversity and brotherhood, and the will and zeal of India's people."*** *"Whenever the people of India have decided to do something, no force has been able to stop them. My last five years in government have validated this belief. We have made remarkable progress because the change has been powered by 130 crore Indians,"* he added. According to him, the people of India no longer wanted to be spectators, but active stakeholders in taking the nation forward. *"Why else would senior citizens give up railway concessions? Why else would over one crore people give up their gas subsidies?"* he asked. He said those who had ruled the country for many years loved to keep things in "pendulum mode"; keep things unsettled; cause the problem, further it and pretend to solve it. *"Things have changed now. Our government has taken up the mission of solving problems that have persisted for many decades. Removal of Articles 370 and 35A (special status for Jammu & Kashmir), abolition of triple talaq, making GST a reality, 10% reservation for the upper caste poor, increased maternity leave up to 26 weeks, setting up of OBC commission,"* he said, listing the issues his government has tackled.

The Global Eye Conclave will feature Several Speakers from different walks of life who will share their thoughts on Prime Minister Narendra Modi's Vision of Development for All .Some of the finest experts will be on hand along with leaders who analyze our age, and achievers who determine our future. We believe that significant conversations are the way to generate solutions and the Global Eye Conclave 2020 promotes just that.

The Global Eye Conclave will be attended by Community Activists, Professionals and Young leaders from all over the World and India. The aim of the Conclave is to propagate and disseminate the Prime Minister's Vision to various Community Gatekeepers and ensure appropriate follow up through the social and digital media. Currently , The Global Eye- Digital News Monthly reaches 3.5 crores including 3.3 Crore Households throughout India and One Million Households in USA.

The Mahatma Gandhi 150 Birth Anniversary Celebrations hosted by the Sesquicentennial Committee include hosting of The Global Eye Conclave on Premier Modi Ji's Vision followed by The Presentation of MAFS Gandhi 150 Medallion of Excellence to Top 20 Indian Icons, who continue the legacy of Gandhiji in their respective careers. These Community heroes representing the landscapes of India are beacons of hope, who inspire, motivate and guide us in this digital age to keep alive the legacy of Mahatma Gandhiji.

Mahatma Gandhi Sesquicentennial Birth Anniversary Celebrations Committee comprise of Metropolitan Asian Family Services, Chicago, The Global Eye , New Delhi, Golden Strategic Associates, Chennai, Digital Age Dharma, Hyderabad, Chakra Vision India Foundation, Chennai and Indian American Business Coalition, Chicago.

We believe the key to future success lies in the unwavering dedication to free enterprise and faith in the power of our citizen's entrepreneurial spirit.

Progress in Prosperity through Partnership & Participation.

Achievements of the First Term of the Modi Government (2014-2019)

In his first term, Prime Minister Narendra Modi implemented several development and welfare programs directed at both urban and rural India.

Many programs focused on bringing participants in the informal economy into the formal economy. The signature program for this effort, the Jan Dhan Yojana, resulted in 367,900,000 individuals opening bank accounts for the first time. These bank accounts opened the door to participation in the Mudra Yojana micro-lending program, with 199,959,165 loans sanctioned; the Suraksha Bima Yojana accident insurance program, with 161,000,000 people enrolled; and the Jeevan Jyoti Bima Yojana life insurance program, with 61,200,000 citizens enrolled.

Other programs focused on quality of life. Under the Swachh Bharat campaign for a clean India, 105,970,784 toilets were

constructed, eliminating open defecation in 599,972 villages — or in nearly 95% of Indian villages. The Ujjwala Yojana provided 80,339,993 natural gas connections to households experiencing poverty, freeing mostly women from the drudgery of charcoal or wood cookstoves. The Awas Yojana built 17,800,000 rural houses while the Gram Sadak Yojana constructed 156,260 kilometers (some 97,095 miles) of rural roads. And for the first time, 100% of India's 640,867 villages have access to electricity.

Prime Minister Modi also worked to improve access to health care: Mission Indradhanush vaccinated 33,900,000 children, the Bhartiya Jan Aushadhi Pariyojana opened 5,569 pharmacies offering generic medicines at affordable prices, and the Jan Arogya Yojana has provided hospital-based treatments in over 4 million cases.

BANKING:

367,900,000

people opened bank accounts
